

EMSCULPT^{neo}®

About Emscupt Neo

You are scheduled for a series of non-invasive treatments with the EMSCULPT NEO. The device is indicated for non-invasive lipolysis (breakdown of fat) of the abdomen and for reduction in circumference of the abdomen in Skin Types I to III. The device is also cleared for improvement of abdominal tone, strengthening of the abdominal muscles, development of firmer abdomen. Strengthening, toning and firming of buttocks, thighs and calves. Improvement of muscle tone and firmness, for strengthening muscles in arms.

Your treatment provider will discuss your specific treatment needs. The recommended number of treatments is 4. The treatment is typically about 20-30 minutes per session, with sessions separated by 5 to 10 days. Completing a full treatment series is necessary to maximize treatment efficacy. You may need additional treatments, depending on your goals. Some patient desire ongoing treatments monthly to maximize their results and continue the muscle and fat burning process.

Before Your Treatment

Before the treatment, you are not required to do anything special, however, keeping your body well hydrated is strongly recommended. On the day of the treatment, you are advised to wear comfortable clothing, allowing flexibility for correct positioning during the treatment. You will be asked to remove all metallic accessories and electronic devices.

I understand that a successful treatment outcome can be affected by smoking or excessive alcohol consumption and eating disorders or on-going medication. While no special diet is required, you are encouraged to eat healthy to help promote and maintain results. Gaining weight can negatively impact your results.

During Your Treatment

The treatment does not require anesthesia. During the application, you will feel intense muscle contractions and heating sensation in the treated area. The procedure doesn't require any recovery time. Typically, you can get back to your daily routine right after the treatment.

I am aware **NOT TO** wear any metallic accessories (such as jewelry, watch or clothes containing metallic threads or metallic accessories) during the treatment. I also acknowledge that I do not have any metallic or electronic implants (such as pacemakers, defibrillators, metallic IUDs, etc.).
